

PowerSchool

What's new? Parent Single Sign-On
Coming Wed, September 21, 2011

PowerSchool

The “current” way to login

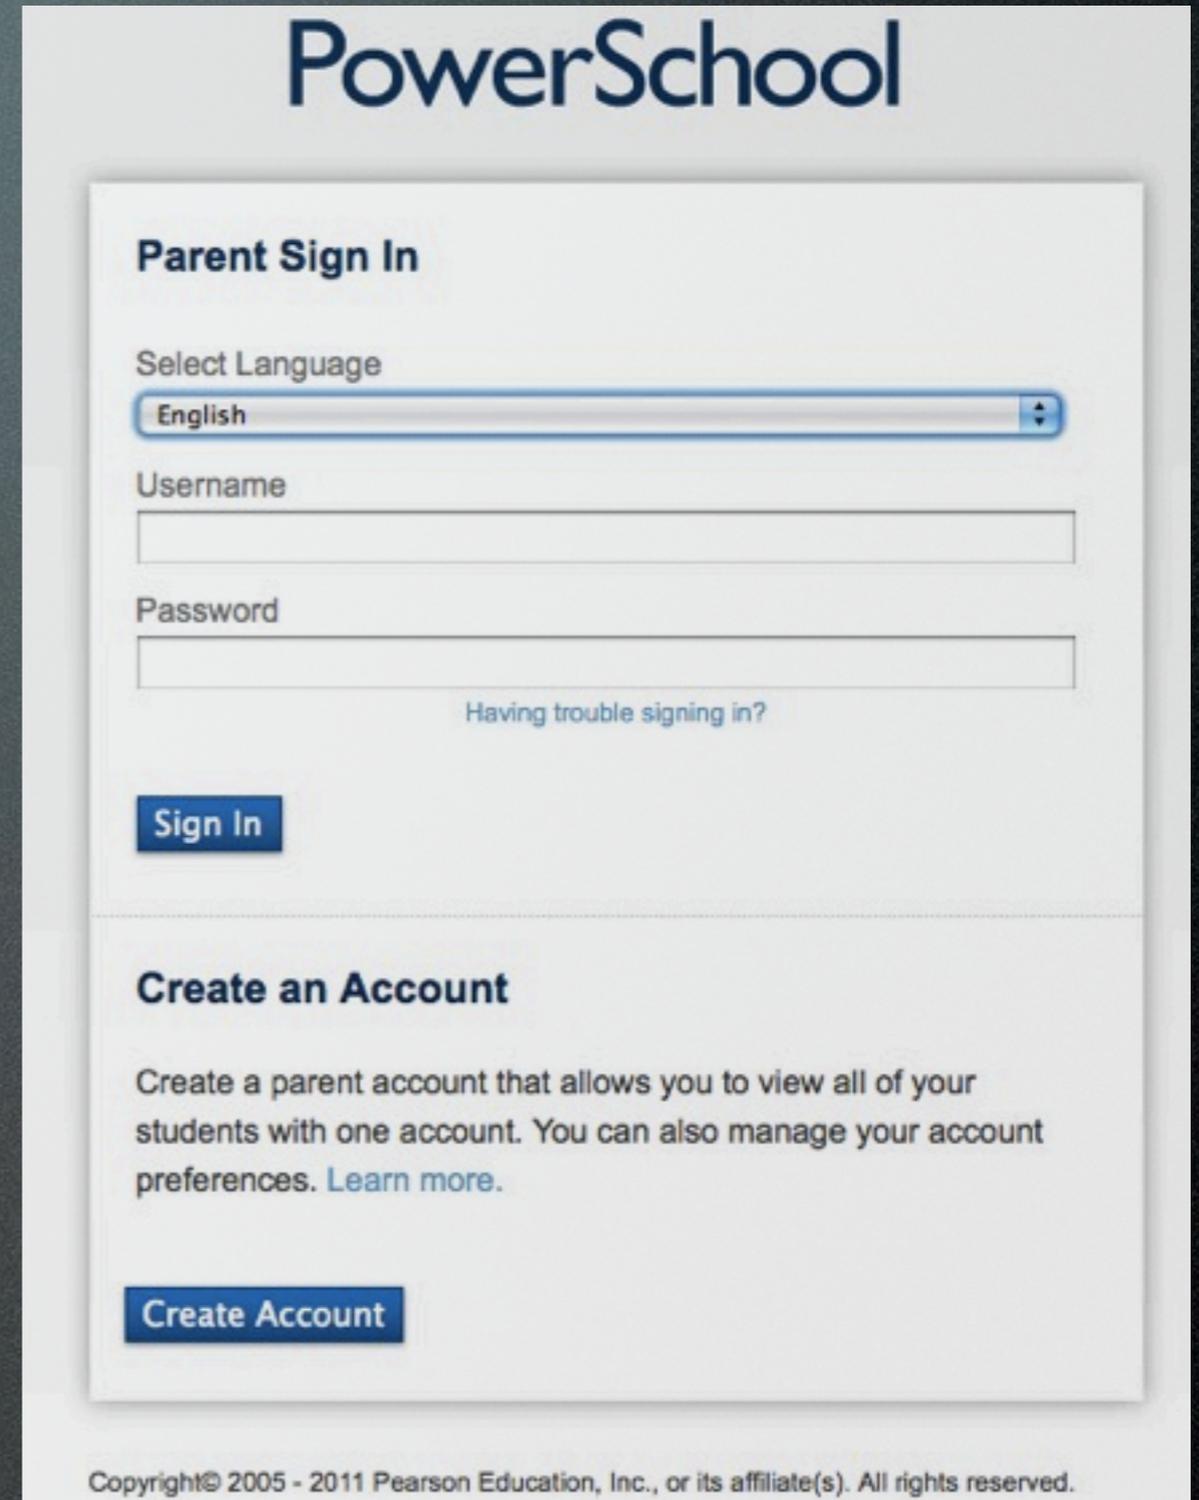

The screenshot shows the PowerSchool login interface. At the top, the word "PowerSchool" is displayed in a large, dark blue font. Below this, the text "Parent Sign In" is centered. There are two input fields: "Username" and "Password". The "Username" field has a blue border, while the "Password" field has a grey border. Below the password field, there is a link that says "Having trouble signing in?". At the bottom left of the form area, there is a blue button with the text "Sign In" in white.

- Different login and password for each student
- Only one parent login - difficult to share with multiple parents/guardians
- If you forget the password, you have to contact school or find the handout

Coming Wed, Sept 21 Parent Single Sign-On (SSO)

- All your students with one login
- Each parent/guardian has their own login
- You can set and recover your password yourself

The image shows a screenshot of the PowerSchool website's parent sign-in and account creation interface. At the top, the "PowerSchool" logo is displayed in a dark blue font. Below the logo, the page is divided into two main sections. The first section, titled "Parent Sign In", contains a "Select Language" dropdown menu currently set to "English", followed by input fields for "Username" and "Password". A blue "Sign In" button is positioned below these fields. A link for "Having trouble signing in?" is located to the right of the password field. The second section, titled "Create an Account", provides instructions on creating a parent account to view all students and manage preferences, with a "Learn more" link. A blue "Create Account" button is at the bottom of this section. The footer of the page contains the copyright notice: "Copyright© 2005 - 2011 Pearson Education, Inc., or its affiliate(s). All rights reserved."
